

Item 142  
Community Recognition

**Background**

Cllr Martin is aware of many residents who are going above and beyond the everyday in order to raise money for local groups, raise awareness, be good citizens.

**For Consideration**

Cllrs are asked that we create a certificate / reward that can be presented to local community heroes in recognition of their good works. This may be to schools, individuals or organised groups. It is suggested that the Chair of the Council make a presentation of these awards and this could be done at Annual Parish meeting or at another suitable community event.
